

We understand navigation in the sense of sailing. I've never been a sailor, but I understand they have to consider many factors, variables, and dangers, to successfully complete a voyage.

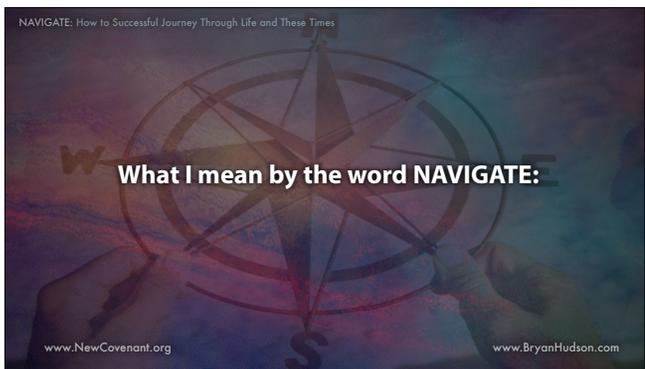

Since March of 2020, I have often used the word "Navigate" to describe our journey through life and work during the COVID-19 global pandemic, and socio-political upheaval in our society. Beyond the obvious medical and disease related impacts of COVID, we've also experienced changes in how we live and operate, including how we "do church."

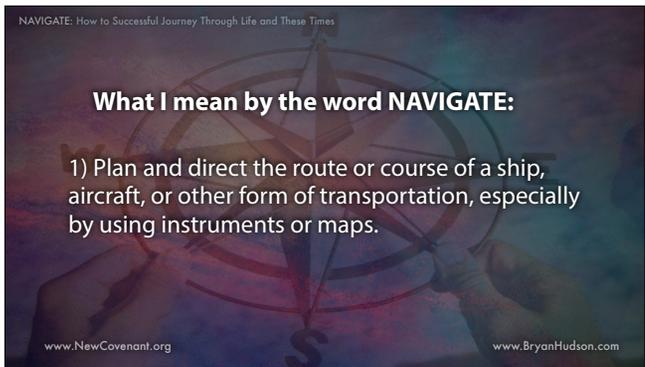

"And we know that all things work together for good to those who love God, to those who are the called according to His purpose." We can't make sense of things that happen. We don't dwell on bad things because "things" don't define us. We are defined by our LOVE for God and fulfilling His PURPOSE— which causes the puzzle of things to work for our good.

Today, I would like to engage you in this exploration, research, and preparation to bring lessons to edify, educate, and inspire you. So I'll ask questions and make statements to which you may respond however you wish: If you have my contact information, you can text and email your thoughts. There is a contact form on our website, feel free to use that. I intend to reach out to some of you for engagement.

- 1) Plan and direct the route or course of a ship, aircraft, or other form of transportation, especially by using instruments or maps.
- 2) To sail or travel over (a stretch of water or terrain), especially carefully or with difficulty.
- 3) Successful navigation or travel is based on known or fixed points of reference. Today, we just use GPS to get around town or across country. On the grand global scale all navigation is based two fixed points:
  - a. Prime Meridian is the reference for longitude.
    - Measure the angular distance East or West from the Prime Meridian (0 – 180). Prime Meridian is the earth's zero of longitude, which by convention passes through Greenwich, England.
  2. Equator is the reference for latitude.
    - Measures angular distance North or South

Jesus Christ.

“Jesus Christ, the same yesterday, today, and forever.” Hebrews 13:8

We also regard the truth revealed in the Bible, the Word of God as a fixed point. Now this has been abused and is being abused today. We know that the Bible was used by false Christians promote the evil narrative Africans as cursed, inferior humans worthy only of servitude. These false beliefs gave cover to slaveowners, to the slave trade, and was the main cause of the Civil War.

On Dec. 24, 1860, delegates at South Carolina’s secession convention adopted a “Declaration of the Immediate Causes Which Induce and Justify the Secession of South Carolina from the Federal Union.” It noted “an increasing hostility on the part of the non-slaveholding

States to the institution of slavery” and protested that Northern states had failed to “fulfill their constitutional obligations” by interfering with the return of fugitive slaves to bondage. Slavery, not states’ rights, birthed the Civil War

**#3 Objective Truth and Facts**

We have to recognize **truth** at two levels:

- a) Biblical truth and,
- b) Objective truth. Believers who over spiritualize completely miss the importance of objective truth. Something which the Bible supports

www.NewCovenant.org www.BryanHudson.com

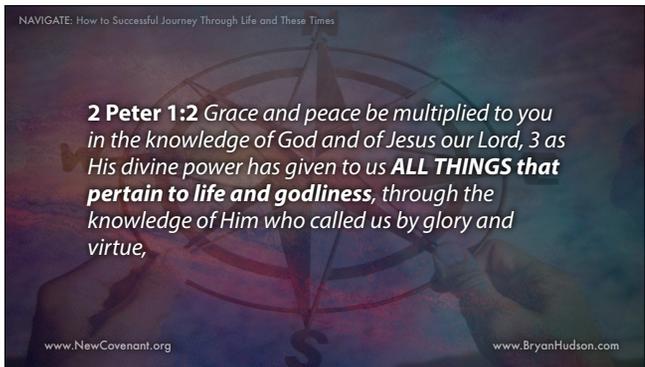

3. Objective Truth and Facts: We have to recognize truth at two levels: a) biblical truth and, 2) objective truth. Believers who over spiritualize completely miss the importance of objective truth. Something which the Bible promotes.

2 Peter 1:2 Grace and peace be multiplied to you in the knowledge of God and of Jesus our Lord, 3 as His divine power has given to us ALL THINGS that pertain to life and godliness, through the knowledge of Him who called us by glory and virtue,

Natural Science is based on objective truth. Objective meaning

things observed. Subjective deals with one's feelings and perspective. Natural Science deals with the physical world, e.g. physics, chemistry, geology, biology. Natural Science has produced vaccines such as for polio, chicken pox, and now COVID-19.

Vaccines are not supernatural, they are natural. God still works in the natural because he is the creator of all. God established the natural world on natural laws. In order to navigate successfully, you must understand and respect all of God's order and creation.

**Natural science has produced vaccines including:**

Polio, Tetanus, Mumps, Rotavirus, Diphtheria, Influenza, Rubella, Measles, Whooping Cough, Chickenpox, and COVID-19.

COVID exposed weaknesses within our religious practice and improper practice of authentic Christianity.

We've seen failures and heartbreaks with people attempting to deal with COVID from a purely supernatural or what I call super-spiritual perspective.

COVID exposed weaknesses within our religious practice and improper practice of authentic Christianity..

We've seen failures and heartbreaks with people attempting to deal with COVID from a purely supernatural or what I call super-spiritual perspective. There are some believers, Christian leaders who are no long with us who avoided and even disdained guidance back in March 2020 following. Some spiritualized coronavirus, some politicized it, still others were simply gripped with fear (fear has torment).

I am using the concept of NAVIGATION as Jesus used real world items as parables to teach principles for life and God's kingdom.

During the pandemic, we've seen plenty of successes and failures in terms of navigating our times:

- Many people have died from COVID who could have been alive today
- Many people have survived and thrived during the same season.

- It has not been a matter of luck.
- It has not even been a matter of faith and spirituality alone.
- **The difference is: How people navigated**
